• Sunday, Jan. 15, 2012
9am - 5pm
Eaglequest Coyote Creek
Golf Club, Surrey

Discover how YOU can create the best year of your life...

Traditionally people start a year by setting goals and resolutions. Often they are an undirected mishmash of ideas soon forgotten.

In *The Excellence Series*, one of the key concepts we teach is that everything starts with my intention. Conscious or unconscious, my results flow from my intention. When I don't have a clear conscious intention, most certainly, my unconscious intention will dominate. Sometimes it does anyway.

Imagine being crystal clear on what you want your year to be about... so much so that it becomes a launching pad upon which to build even greater growth for future years. What choices would you make then?

It comes the concept of My Stake for the Year. My Stake is one of the last new concepts that Randy Revell, founder of Context International and developer of *The Excellence Series*, introduced. He noticed that even those who have revealed their life Calling through Mastery II

had a challenge in focusing their intention for a single year. My Stake is my compass, my guide. It helps in making choices. When faced with a decision I may ask, "Will this serve me to get what I really want this year, to further progress in my Stake?"

At the 2012 Year of Your Dreams workshop you will:

1. Celebrate your successes from 2011 to help give you momentum to live large in 2012.
2. Determine your Stake for 2012, your direction, compass, guide for the year.
3. Write your personal story, set your intention in motion, putting your vision out to the World.
4. Learn tools to help you stay conscious of your Stake and stay in action throughout the year.
